SUBJECT: FY 79 Manpower Augmentation

1. As you know, the Office of Management and Budget has requested specific identification of the sources of personnel spaces and associated dollar costs which the DCI has identified as required to augment Community activities.

2. The tables below show the general areas which have been identified as sources of FY 79 spaces (table 1) and associated dollar costs (table 2).

Table 2 shows the funding associated with the personnel levels displayed above. Civilian pay is based on projected manning of the gaining staffs; military pay is based on the average cost to the IC Staff of military personnel in FY 1977, inflated to reflect the October 1977 pay increase. These are the amounts of money required to accompany the personnel spaces requested in order to pay salaries or, in the case of military personnel, reimburse DoD for their services.

3. OMB requires more detailed specification of the sources of manpower spaces and related funding within CCP and GDIP. It is requested that you provide the specifics required by 1600 hours on 7 April 1978, so that I, in turn, can advise OMB.
